

2021 SHORT COURSE STATE CHAMPIONSHIPS

OPPORTUNITY SEIZED

As things continue to move back to the 'norm' there have been endless conversations about the challenges each and every single one of us were presented due to the COVID19 Pandemic. We have all dealt with those challenges and we have seen team members and families deal in different ways with alterations to everyday life. From these struggles and limitations in what we are allowed to do, I have seen so many rise up and face this pandemic head on.

As it relates to swimming competitively there have been endless roadblocks. There were even roadblocks for many of our competitive athletes prior to the pandemic. The last true, unaltered State Meet for many of our team members was not since the spring of 2019! In the summer of 2019 the Age Group Meet was delayed and forced to be moved to Sulphur. Then that same Championships was the first swim meet canceled in the March 2020 due to the pandemic. So many have had to wait two full years to compete at the State Championships. That is a long time to wait!

I do not believe it is hyperbole to say that our athletes and our team have endured a lot. While enduring a lot they all have shown so much resiliency and your efforts should be recognized. When finally given an opportunity, each athlete competing "seized the day" and raced their hearts out. They have gone months and even years without a BIG opportunity to show what they have been working for endlessly. When those younger ones and even the older ones who have really only had to wait a year were given a lane at the State Meet, albeit split between three hosts sites, they got in and raced... and raced fast! There were best times everywhere we looked and smiling faces inside and outside the pool area. It was so rewarding to see.

When it comes to taking advantage of an opportunity, I also want to address how amazing our staff was in their efforts to host this meet. From day 1, when Louisiana Swimming met via Zoom to discuss what this year would look like, our staff stepped up and said we would be a host. While our venue typically is not catered for BIG Championship Meets, we knew we had to do everything we could so all of the kids on our team and other teams could finally get to have a State Meet. Through the months there was endless preparation and days were long and tiring. It did not matter as each staff members' goal was to allow our athletes a chance to compete. I am thankful to Billy, Courtney, Helen, Nan, OJ, Thomas, Elias, Mr. Bobby, all of the other coaches and to each and every single volunteer from the pool deck as an official to those in the meet booth to all of our timers and all other needs we asked to be filled. Without everybody's individual efforts, we collectively could not have had such a great weekend.

While I want us to celebrate the accomplishments from this weekend for our competitive team, I know we all are looking forward to even more normalcy in the future in regards to training and competition. If things remain altered due to the pandemic, I can rest assured knowing all at Crawfish Aquatics will take advantage of the opportunities presented to them and "SEIZE THE DAY".

Dig Deep,

Coach Jayme

STATE CHAMPIONSHIPS

HIGHLIGHTS

TEAM RESULTS

First place scoring 5,906 points, over 3000 points ahead of the second place team.
