

2025 CCSL Championship Meet Wrap Up

What an amazing weekend of fast swimming we had at Crawfish Aquatics as we hosted the 2025 Capital City Swim League (CCSL) Championships, Friday and Saturday. Crawfish Aquatics swimmers excelled and were stand outs for their school teams! *The sessions served as swimmers' final tune-ups for the High School State Championships and the total competition definitely served up local bragging rights.*

We had amazing weather and FAST swimming. The vibes were high all weekend and it is an excellent spring board for the remainder of the fall season and the overall short course season.

CCSL League swimming would not be possible without all of the countless hours and dedication to run all of the league meets without the help of so many. High school swimmers would not have this great opportunity to compete in a sport we all love without your support so again, **thank you to all of our meet volunteers, officials and staff** who make it possible.

Congratulations to all of our athletes and we wish them the best of luck in their final preparations for their respective State Championships.

Swimmers of the Meet

- Lydia Talley, Parkview Baptist
