Military Press- Arms out to the side, elbows bent, fingers pointing to the sky. Push hands up, straighten arms and touch thumbs.

Chest Pass- Elbows bent and at shoulder level, backs of hands as close to shoulders as possible, push straight out from chest, touch thumb and pointer finger, pull hands back keeping elbows shoulder high.

Streamline Raises- Arms straight, in front, finger and thumb touching (like at the end of chest pass), raise arms overhead.

Streamline Shrug- arms in tight streamline over head, shrug shoulders up, like you are lifting your arms and trying to get your shoulders to touch your ears. Keep head up and back straight.

Toe Touches- on back, legs straight up, reach up and touch toes, make sure to get shoulder blades off the ground

Leg lifts- on back, hands tucked under hips, raise legs up to 90\* angle together then lower legs to 6 inches off ground

Russian Twists- half crunch with knees bent and feet on the ground, “praying hands” with elbows pointing out, rotate trunk side to side, like you are reaching your elbows behind your body. Can make it harder by lifting feet off the ground or straightening arms

**T’s, Y’s, and I’s**- Make sure you are standing up for all of these, straight back and neck, focused on posture.

T’s- Arms straight in front of chest, palms facing each other, open arms, bring them out to your sides like a “T”, squeeze shoulder blades

Y’s- Arms straight in front of chest, hands in fists with thumbs pointing up (like a hitchhiker), bring arms up into a “Y” (if your arms were the big hands on a clock they would be at 10:30 and 1:30), thumbs should still be pointing behind you. Keep shoulders down and away from your ears.
