**New Policy Updates From USA Swimming regarding Electronic Communication, Locker Rooms and More**

The U.S. Center for SafeSport requires the national governing bodies of all sports to implement a Minor Athlete Abuse Prevention Policy (MAAPP) by June 23, and USA Swimming has released the full details of its MAAPP, including restrictions on social media communication, travel and one-on-one interactions between coaches and swimmers.

**Helpful Article Breaking it Down:**

<https://swimswam.com/usa-swimming-maapp-guardian-must-be-included-on-electronic-communication/>

**Crawfish Aquatics updates:**

- **Cell phone/tablet usage is not permitted by any individual in the locker rooms- this includes phone calls, texting, other application usage.** Any device with a camera is not to be used in this area. If communication to family needs to occur, it should be on phone in pool area or hallway.
  - We are updating our policies as an organization and working as a staff to make sure all are aware and can be fully implemented before the deadline by USA Swimming of June 23. The main areas are communication with athletes via electronic means and individual meetings with athletes, mostly applicable with our Senior group athletes and we will provide additional guidelines for this in the upcoming weeks.
