Sit on your feet, butt on your heels. Lean back onto your hands and lift your knees up and down, stretching your ankles. Can do this together and alternating legs.

After you have warmed up your ankles, see if you can lean back onto your elbows, and then flat on your back. Raise your knees up and down from this position if you can.

Get back up in stages, onto your elbows, then hands etc.

Do some ankle rotations after stretching. Rotate each ankle, 10 big circles forwards and backwards.
